EDUCATION

Vellore Institute Of Technology
B.Tech (AIML) - CGPA - 8.62

09 2023 – 05 2027

Bhopal, India

Children Sen Sec School
12th Class - Percentage - 72.8%

2021 – 2022

Azamgarh, India

Children Sen Sec School
10th Class - Percentage - 87.4%

2019 – 2020

Azamgarh, India

COURSEWORK / SKILLS

- OOPS Concept
- Basis of Java
- DBMS
- Machine Learning
- Basis of Python
- JavaScript
- Computer Vision
- Structured Query Language

PROJECTS

Face-Mask-Detector | OpenCV, TensorFlow, Keras, NumPy, CNN

03 2026

- Developed a real-time Face Mask Detection system using Computer Vision and Deep Learning techniques with OpenCV and TensorFlow, achieving accurate mask/no-mask classification.
- Implemented CNN-based image classification model and integrated it with webcam input for live face detection and prediction, demonstrating practical application of AI in public safety.

financial-rag-chatbot | Python, LangChain, FAISS, Hugging Face, Transformers, PyTorch.

07 2026

- Built a Retrieval-Augmented Generation (RAG) chatbot for answering finance-related queries from documents.
- Integrated Hugging Face Transformers, FAISS, LangChain, and QLoRA-based fine-tuning pipeline.
- Implemented document chunking, embedding generation, semantic retrieval, and LLM-based response generation.

TECHNICAL SKILLS

Languages: Python, Java, C++

Developer Tools: VS Code, IntelliJ Idea Ultimate, Jupyter notebook

Technologies/Frameworks: GitHub, Bootstrap, Flutter, PyTorch, Scikit-learn, OpenCV (Computer Vision), LangChain, RAG (Retrieval-Augmented Generation)

EXTRACURRICULAR

Hackathon

08 2024 – 08 2024

Role

VIT Bhopal

- Was in a technical team and handle the front-end part.
- Participation Certificate.

Zenith'24 by NOTION Community

08 2024 – 08 2024

Role

VIT Bhopal

- Participated in an event as an audience.
- Participation Certificate.

CERTIFICATIONS

- Introduction to Machine Learning - Great Learning
- Applied Machine Learning in Python - Coursera
- Google IT Support Certificate - Issued by Google Career Certificates
